

Centre for Environmental Research and Education

To Whomsoever this Concerns,

This is to state that Janjri Jasani from the Centre for Environmental Research & Education (CERE) in collaboration with Dr. Priya Sundarrajan, Associate Professor, Department of Life Science and Biochemistry, had conducted an QEP/Honours' Program for the academic year **2017 - 18** on Global Climate Change and Environmental and Social Justice.

The program introduced students to the topic of climate change and its impact on environmental and social issues at a global and community level. The students were also guided on how to become changemakers and worked on an action project to address climate change at the level of their local community.

Sincerely,

Janjri Jasani
Head — Sustainability Services (CERE)
